

# Peak Nursing

Winter 2007

## Why Peak Nursing?

At Peak Nursing we want to assist our clients in running more efficient and cost effective facilities. Hiring our agency provides facilities with several advantages. The most obvious advantage is the money saved. By hiring Peak Nursing, facilities do not have the added costs of payroll taxes, employee benefits, workers compensation insurance, unemployment taxes or overtime pay. Additionally, facilities do not have to spend the time or money on recruiting and screening new employees. At Peak Nursing, our nurses are subject to intensive screening, testing, and on-going performance evaluations. Therefore, we eliminate the costs and worry of recruiting, screening, and evaluating staff! Although saving time and money is a wonderful benefit to hiring Peak Nursing, a greater advantage is avoiding nurse burn-out and high turnover. Using an agency prevents Staff nurses from becoming overworked and overstressed. Peak Nursing helps facilities keep their staff happy and healthy, therefore patients are provided with a higher quality care. Overall, Peak Nursing saves facilities time and money, but most importantly

ensures a high level of quality care. Contact Peak Nursing to find out more about how we can save your facility money!

## Join Our Team

At Peak Nursing, our staff chooses when and where they want to work. We partner with our nurses in scheduling shifts to meet their individual needs. What sets us apart from other nursing agencies is we care about our employees, and it shows. Our candidates are interviewed face-to-face and after being hired, we keep in close contact with each team member. Our nurses are not obligated or pressured to accept assignments, which enables them to decide their own hours and choose work environments they prefer. We are a well-respected agency serving facilities from Ft. Collins to the Four Corners Area. Working for Peak Nursing means choosing the schedule, location and best of all – *lifestyle* that you want! Contact us to learn more about joining the Peak Nursing Team!
